
Introduction

Welcome.

Thanks for your interest in applying for the SoTL Seed Grant. The following application form will help us learn more about your project and needs. Please contact isotl.cltl@ubc.ca with any questions you may have.

A pdf form of this application can be downloaded [here](#).

All UBC faculty are invited to apply, except those who have held an active Seed project over the last 12 months.

Proposed Project Title

Related projects

Is this project related to an existing or previous TLEF project?

- This project constitutes/is part of my TLEF evaluation
- This project is related to a TLEF, but is not a part of my original TLEF proposal
- No, this project is not related to any TLEF

Please indicate the Title and PI of the TLEF project this SoTL proposal relates to:

TLEF Evaluation

Good news! You do not need to fill out this form, please contact Adriana Briseño-Garzón

at adriana.briseno@ubc.ca or 604-827-2734 for more information.

Overview

OVERVIEW

Principal Applicant Information

Name

Email address

Position

Department or Service Unit

Faculty

Please provide Names and email addresses of any additional applicants (Optional)

Project Summary

Please provide a short summary of your suggested SoTL project. (100 words or fewer)

Overview

PROPOSED PROJECT

Context: Where will the project take place?

The SoTL Seed program supports research on teaching and learning at UBC. Please indicate the course number(s) (if applicable), topics, number of students, and format of the course(s)/activities in which this project will take place. (100 words or fewer)

Focus of inquiry: What teaching and learning practices do you plan to focus on?

Please describe the specific pedagogies or practices you seek to investigate within the course(s) identified above. (100 words or fewer)

Research question(s): What question(s) would you like to answer within the scope of this project?

Please list the research questions that will guide your project (100 words or fewer)

Theoretical Significance: What are the potential contributions of your project to theory of teaching and learning in higher education? (100 words or fewer)

Practical Significance: What are the potential contributions of your project to teaching and learning at UBC and beyond? (100 words or fewer)

Background: What does the literature say about similar projects? (optional)

Please synthesize relevant literature, pointing out references. (100 words or fewer)

DETAILED PLAN

What is your tentative research plan? (optional)

If accepted, this piece will be further developed with SoTL Seed support. (100 words or fewer)

What elements of your project do you need assistance with?

This information will help us understand the requirements of your project and make sure that the available expertise match your needs. If you require support that is not part of the SoTL Seed program, please contact us.

	Not at all	Some support	Full support
Development of research plan	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Ethics and BREB	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Interviews and focus groups	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
