SoTL Seed Application - 2021-1

Start of Block: Introduction

Q1
Thanks for your interest in applying for the SoTL Seed Grant. The following application form will help us learn more about your project and needs. Please contact isotl.ctlt@ubc.ca with any questions you may have. After submitting the application you will no longer be able to access or edit it.

A pdf form of this application can be downloaded [here](#).

All members of the UBC community are invited to apply but priority will be given to applicants with teaching responsibilities and those who have not held and active SoTL Seed project over the last 12 months.

*Please do not copy and paste text from other funding applications when completing this form.*

Q2 Proposed Project Title

________________________________________________________________

Q3 Related projects
Is this project related to an existing or previous TLEF project?

- [ ] This project constitutes/is part of my TLEF evaluation
- [ ] This project is related to a TLEF, but is not a part of my original TLEF proposal
- [ ] No, this project is not related to any TLEF

Display This Question:
If Related projects Is this project related to an existing or previous TLEF project? = This project is related to a TLEF, but is not a part of my original TLEF proposal

Q4 Please indicate the Title and PI of the TLEF project this SoTL proposal relates to:

________________________________________________________________
________________________________________________________________
________________________________________________________________
Q19 Theoretical significance: What are the potential contributions of your project to theory of teaching and learning in higher education? (100 words or fewer)

________________________________________________________________

________________________________________________________________

________________________________________________________________

________________________________________________________________

Q20 Background: What does the literature say about similar projects? Please synthesize relevant literature, pointing out references. (100 words or fewer)

________________________________________________________________

________________________________________________________________

________________________________________________________________

________________________________________________________________

Q21 RESEARCH PLAN

________________________________________________________________

________________________________________________________________

________________________________________________________________

Q22 What is your tentative research plan? If accepted, this piece will be further developed with SoTL Seed support. (100 words or fewer)

________________________________________________________________

________________________________________________________________

________________________________________________________________
Q23
What elements of your project do you need assistance with?

This information will help us understand the requirements of your project and make sure that the available expertise matches your needs. If you require support that is not part of the SoTL Seed program (e.g. course development, program review, integration of learning technologies), please contact us at ctlt.isotl@ubc.ca.
