

## SoTL DISSEMINATION FUND REPORT

---

The Office of the Provost and VP Academic offers \$60,000 on a pilot basis to support dissemination of Scholarship of Teaching and Learning (SoTL) work with direct implications for UBC. Funds are managed and adjudicated by the Institute for the Scholarship of Teaching and Learning (ISoTL).

The fund became available in November 2018 with the first recipients receiving funding notification in January 2019. Rolling applications were introduced in the spring of 2019 - before that, the deadlines were in line with the [SoTL Seed Program](#) (every 6 months).

### GIVING BACK TO THE SoTL COMMUNITY AT UBC

Recipients' commitment to give back to UBC include active participation in CTLT Institutes, Celebrate Learning Week, Celebrate SoTL Event, Departmental Research Days, as well as presenting outcomes to committees and working groups.

### REJECTED PROPOSALS

Reasons for proposal rejection include: research was not directly focused on teaching and learning or had limited implications for teaching and learning in higher education at UBC (as per criteria for the fund); and contribution in preparation (i.e., had not collected data for the project).
